## Essay Contest Winner

**Zoe H. Marcus, 4th grade  
Sugar Creek Elementary**

### *IT'S TIME TO GO GREEN*

Do you ever ask yourself what can I do to save the world from pollution? Well you can. I really want to help too so I'm going to tell you what you and me can do to help.

We can go out and pick up trash maybe on a Saturday afternoon or just not litter.

We can talk to local businesses about being more careful about what they use paper for and get them to start recycling.

You can even get a group together and plant trees or plants at your school or in your neighborhood on maybe Thursday in the spring and summer.

Also don't forget what comes around should come around again because if it doesn't some of our most important resources might be gone in just a couple of years.

So please help me in trying to go green and together we can save the world.

## 2010 Scholarship Recipient

**LESLEE JOHNSON, 2010 graduate of New Palestine High School** is the winner of the Dani Griffin Innovation in Education Scholarship.

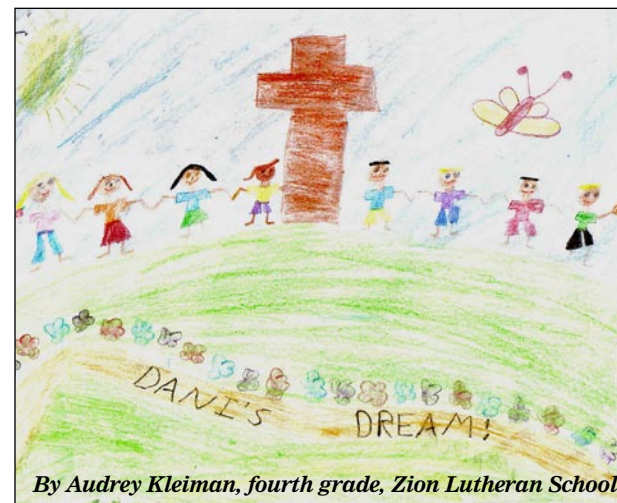

Johnson will attend Indiana University in Bloomington this fall to pursue a nursing degree.
